SOLIS

Integrated Solar Lighting System

Model 050

- Quick, easy and secure installation
- Dimming options
- Automatic activation
- No power cable or wiring required
- Flexible programming according to your needs

PROUDLY CANADIAN

SOLIS-050

Integrated Solar Lighting System

Technical Specifications

Fixture *10 year limited warranty	Signify Road Focus RFS-15W12LED (15 Watts)
System Voltage	12 Volts
Lighting	R2S, R2M, R3S, R3M, Type IV (ASYM), Type V (SYMM)
Temperature (CCT)	2700K, 3000K -4000-K
Solar Panel	50 Watts – Monocristalline – High efficiency
Batteries	12 V 480 Wh AGM
Controller *5 year limited warranty	SOLIS ọpọlọ 12V High efficiency
Operating Temperature	-35˚C ~65˚C
Material	Aluminium
Options	IS1: Solar panel Cover, IS2: No cover
Finish	Electrostatic powder coating
Available Colors	Black, White, Bronze, Silver and custom colors
Total Weight	50 lbs – Without the pole (solar head only)
Recommanded Installation Height	Between 15 and 20 feet
Ingress Protection Code	IP65
Motion Sensor	25' Radius
Programming	10 Programs / schedules available Remote control available
EPA	3.1 pi.ca. (Solar Head), 0.52 pi.ca. (Fixture)

Lights and batteries certified
