

# SOLIS

Integrated Solar Lighting system

## Model 130

- Quick, easy and secure installation
- Dimming options
- Automatic activation
- No power cable or wiring required
- Flexible programming according to your needs

# SOLIS-130

Integrated solar lighting system

## Technical Specifications

<b>Fixture</b> <small>*10 year limited warranty</small>	Signify Road Focus RFS-35W12LED (35 Watts)
<b>System voltage</b>	12 Volts
<b>Lighting</b>	R2S, R2M, R3S, R3M, Type IV (ASYM), Type V (SYMM)
<b>Temperature</b>	2700K, 3000K -4000-K
<b>Solar Panel</b>	130 Watts – Monocrystalline - High efficiency
<b>Battery</b>	12 V 1200 Wh AGM battery
<b>Controller</b> <small>*5 years limited warranty</small>	SOLIS 12V High Efficiency
<b>Operating Temperature</b>	-35°C ~65°C
<b>Construction materials</b>	Aluminum
<b>Options</b>	IS1: Solar Panel Cover, IS2: No Solar Panel Cover
<b>Finish</b>	Electrostatic powder coating
<b>Available colors</b>	Black, White, Bronze, Silver and custom colors
<b>Total weight</b>	100 lbs – Without the pole (solar head only)
<b>Recommended installation height</b>	Between 15 and 25 feet
<b>Ingress Protection Code</b>	IP65
<b>Motion sensor</b>	25' Radius
<b>Programming</b>	10 Programs / schedules available Remote control available
<b>EPA</b>	7.1 sq.ft. (Solar head), 0.52 sq.ft. (Luminaire)
